

ECOSOFT Plus 27 and 35

DESCRIPTION

- 5-fingers protective glove.
- Synthetic general purpose PVC on a textile linen.
- Anatomical shape with curved fingers and fluted finger-tips.
- 2 lengths available:
 - 27 cm (10.5 in) protection of wrist
 - 35 cm (14 in) protection of forearm.
- 3 sizes available: 8, 9 and 10.

CHARACTERISTICS

- Fine gauge 100% cotton *interlock* knitted liner.
- Assembly of the two parts by chain stitch.
- Full lightweight synthetic coating, giving excellent tactility.

PERFORMANCES

- Excellent flexibility.
- Good mechanical resistance to abrasion and tearing.
- Certified in conformity with the standards **EN 420: 1994** (general requirements) and **EN 388: 1994** (mechanical hazards) by the Institut Français Textile-Habillement.

APPLICATIONS

- Multi-purpose glove.
- Excellent general purpose glove for basic handling operations, even where there are mechanical hazards or oils, greases and chemical products on the parts being handled.
- Do not use for dipping into liquids.

This glove is certified to comply with the essential requirements of European directive EEC/89/1686 of December 21st, 1989 relative to personal protective equipment submitted to CE type examination issued by a notified laboratory, who certifies the conformity of this glove with the EN standards to which it responds and certifies the performance levels obtained during tests.
