PRODUCT DESCRIPTION

Designed for active professionals, these trousers combine high-performance technical fabric, functional details and a modern design.

- Made from four-way stretch nylon fabric, they offer excellent freedom of movement, a soft hand feel and outstanding abrasion resistance.
- Pre-shaped knees ensure an ergonomic fit that follows natural movement.
- Discreetly integrated zippered knee pad pockets are positioned along the sides of the legs.
- A spacious cargo pocket with flap is located on the left leg.
- A multifunction tool pocket with dedicated compartments is positioned on the right leg.
- Back pockets with gusset provide additional capacity.
- A raised back waistband offers improved lower back protection.
- Partially elasticated waistband on the sides enhances comfort.

These trousers are designed for technicians, craftsmen and construction professionals working in clean environments, seeking a flexible, functional and modern garment.

FABRIC

- Main fabric: 91% nylon, 9% spandex (260 g/m²)
