- 🔋 - batteries
- 🔌 - magnetic charger (micro USB)

### Affordable 600 lm - a universal head lamp Cyclope II

The Cyclope II head lamp for a little over PLN 100 is more than 30% cheaper than its nearest competitor, while offering additional benefits such as lower weight (w/o batteries) and a specially designed head harness that is additionally coated with silicone to prevent it from moving during physical activities such as jogging or climbing.

The lamp has a built-in magnet serving as:

1. A mounting for magnetic chargers
2. A mounting that fixes the lamp to metal elements to serve as a source of light

The additional functions include:

- » When worn on the head, Cyclope II allows free adjustment of the light angle, up to 180 degrees
- » A mounting for the system used by military and police forces
- » A clip that fixes the lamp to the belt or other parts of the garment
